

9.4 Low Income Community

The Low-Income Community sub-module is dedicated to maintaining information regarding the low-income communities in the city, along with the area they cover. This module enables the system to maintain individual buildings that are in LIC area along with their attribute information

9.4.1 Navigation to Low Income Community

- Open the sidebar and click on the **Building IMS** to expand.
- Select **Low Income Community**.

Overview:

The Low Income Community Page lists all the attribute records of Low Income Communities stored in the module and provides different Filters, Actions, and Tools that can be used according to the requirements. For more details (refer to section 5 Filters, section 6 Actions and section 8 Tools).
